

INSTALLATION INSTRUCTIONS

VAPOR TIGHT LED LUMINAIRE TLVPGF14NWM

READ ALL OF THESE INSTALLATION INSTRUCTIONS BEFORE INSTALLING THE FIXTURE

WARNING

- This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
- To avoid the danger of electric shock, make certain that the power supply is disconnected before installing or performing maintenance.

WALL MOUNTING

1. Attach the ceiling/wall box to the mounting surface.
2. Pull leads to the box.
3. Complete the wiring to the power source (refer to wiring instructions).
4. Attach the arm by installing the mounting screws in alternate sequence (wall mount only).

WIRING

1. Connect the black fixture lead (120V) to the black supply lead.
2. Connect the white fixture lead to the white supply lead.
3. Connect the green or bare copper lead to the supply ground.
4. Cap and insulate all unused leads.
5. Close any unused wiring entrances with closure plugs provided.
